He'd broken her heart...

Five years ago Olivia had been deliriously, ecstatically happy, she'd felt so sure of Raoul's love....

She still remembered the pain of learning that all the time Raoul de Varennes had wooed her with promises of love and marriage, he'd planned on discarding her--without hesitation, without explanation--for the woman he really loved.

And now that they were being thrown together at his French chateau for her cousin's marriage, he had no right to act as if it had been his heart--and not hers--that had been shattered.
